

601 Fortex Plus

Intensive cleaner with powerful limescale remover

- ▲ Ideal for cleaning halls
- ▲ Suitable for cleaning floors and walls that are resistant to hydrochloric acid
- ▲ Even dissolves tough limescale and rust deposits
- ▲ Reliably dissolves all common dirt in washing facilities
- ▲ Highly economical thanks to the very strong product concentration
- ▲ Free from hydrofluoric acid and compounds generating hydrofluoric acid (e.g. NH₄HF₂)

Application

Please test on a small inconspicuous spot before first application. Work partially. Only use on hydrochloric acid resistant materials.

Product is suitable for pre-dilution

Apply either undiluted or prediluted to the application with a suitable dosing device. The shelf life of diluted solutions is reduced by the storage conditions and water quality.

Washing plant and washing bay cleaner:

as a foam or spray application (1:1-1:10).

Apply product and leave to react. Use a suitable cleaning pad in the case of stubborn stains. Leave to react and then rinse with lots of water and a little water pressure.

Note

Always keep containers closed and guide suction tubes through the closure. A change in colour and clouding may occur without any loss in quality due to the natural raw materials. Do not allow to dry. Rinse with plenty of water. No liability is accepted in case of incorrect and unprofessional use! Not a consumer product according to 1999/44/EC Art. 1! For professional use only!

Ingredients (according to 648/2004/EC)

Nonionic surfactants 5–15%, inorganic acids, water-soluble solvents, corrosion protection, dyes, fragrances (Amylcinnamal, Citronellol, Hexyl Cinnamal).
pH value (concentrate): < 0.5
